## HOME MISSION FUND.

---

In obedience to the injunctions of the Synod, the Temporalities Board have taken steps towards the establishment of a Fund for the endowment of Ministers, supplementary to that already under their management. An address to the members of the Church was prepared by the Board, and extensively circulated, setting forth the necessity of such a fund, and urging on every member of the Church the duty of contributing to it according to his ability. Public meetings, with a view of exciting a general interest in the scheme, and organizing committees to obtain and collect subscriptions, were held in most of the Congregations of the Presbyteries of Quebec, Montreal and Glengary. These meetings were addressed by members of the Board and by various gentlemen who consented at the request of the Board to take part in this good work. They were generally well attended and the effect of them was not only to excite an interest in this special object, but in the progress and advancement of the Church generally. Various reasons have induced the Board to delay the extension of this effort in the Western part of the Province but they have it in view, as speedily as possible, to have every Congregation in the Church, visited by deputations similar to those whose valuable services they have already had the benefit of: and they anticipate that there will over all the Church be an earnest desire felt, to carry forward a scheme which the Synod originated and recommended.

The thanks of the Board are specially due to Colonel Thomson Toronto, Archibald Barker, Esq. Markham, the Honorable Mr. Justice McLean, the Reverend James Sievright, John McKinnon Esq. and James Croil Esq., gentlemen not belonging to the Board who at much inconvenience to themselves, but with great advantage to the cause consented to address the various Congregations which have been visited—as also to the Local Committees without whose

efficient aid, the Board could have accomplished but little. The Board append a list of the Congregations visited—as also of the subscriptions to the Fund, in so far as they have been informed—and a statement of the sums already paid. The result hitherto has been such, as to encourage the Board to hope under the blessing of God, for a large measure of success in the further and as they trust and intend, energetic and persevering prosecution of this vitally important scheme.

In conclusion it may be well to state that the Board have reason to expect large additions to the subscriptions from the members of the Church in Montreal, and to acknowledge the special promptitude and liberality of the Congregation of St Andrew's Church, Quebec.

All of which is respectfully submitted,

THOMAS PATON.

Chairman, Temporalities Board.

Montreal, 23rd May, 1860.

**To the Members of the Presbyterian Church of Canada  
in connection with the Church of Scotland.**

BRETHREN,

We have it in charge from the Synod, to call your attention to the present circumstances of the Church, and to make a special claim on your Christian liberality.

It is well known to you, that the public provision for the support of the Church was withdrawn some years ago by an Act of the Provincial Legislature; and that the amount received by Ministers in commutation of the Annual stipend secured to them for life, was by them, under certain conditions, made over to the Church to form a Fund for the permanent support of the Ministry. There is just reason to acknowledge their liberality in so doing; and just reason to rejoice that so large a sum was secured for that good end. But we are bound to represent to you that it comes very far short of what the necessities of the Church require. The whole of the interest of the sum invested is already required for the payment of Ministers although to the twenty six Ministers last admitted on the Roll of the Synod, there has only been given an allowance of £50 a year; and no means therefore remains for giving aid to new Congregations in the support of their Ministers, or for giving to the ministers themselves that independent position which it is so desirable for the right discharge of the duties of their office that they should have, and which in ordinary circumstances can only be secured by a moderate endowment. It was from the first foreseen that if the Church were to increase with the increasing population of the Province, the fund must prove inadequate for these ends; and the Synod recorded a resolution to call upon the Laity to contribute according to their ability to the increase of it; nothing doubting their readiness to follow the example set before them, or their zeal to extend the Church and provide for the reasonable support of its Ministers. And it has only been in hopes of more favorable times for a great and united effort, that the call has been delayed.

It is our privilege to belong to a Church, Scriptural in its doctrine, and constituted in accordance with the simplicity of primitive and Apostolic order. The blessings which during a long series of years it has conferred upon the land of our fathers are the best pledge of what it will accomplish, if placed in favourable circumstances here. To extend it, and especially among the scattered Presbyterian population of the Province, is a debt of gratitude due to that gracious Providence, which has placed us within its pale, and preserved us in the enjoy-

ment of the ordinances which it dispenses; and it is a work of christian charity, than which none can be more important in itself, or on which the blessing of God may more surely be expected. For to establish the Gospel Ministry in any neighborhood, and to make such provision, as shall under Providence, secure its permanent continuance, is to sow the seed, from which a harvest of good, temporal and spiritual, will not cease to be reaped through successive generations. Nor can we better show our affiance to him whom we all acknowledge as King and head of the Church, or our regard for the immortal souls whom he died to save, than by taking measures which shall have this result, not in one locality only, but throughout the length and breadth of the land.

The members of the Church have just reason for devout thankfulness, that notwithstanding many difficulties and discouragements, and one grievous division, which it is to be hoped will yet be healed, so much has been already, and within no long period of time accomplished in the establishment within this Province of our branch of the Church. We now number over a hundred congregations. We have a University for general and theological education conducted by eleven able and well qualified Professors. We have a fund well supported, for the Widows and Orphans of our Ministers. We are training young men for the Ministry in Queen's College, and receiving Missionaries from Scotland. We have entered upon the field of Foreign Missions. We have many able and zealous laymen taking a deep interest in the efficiency, and extension of the Church, and lending a helping hand in the management of its business. We have a large body of teachers in our Sunday Schools, actively and affectionately engaged in the religious instruction of the young. And we have from the liberality of the clergy the nucleus of what may become an ample Endowment Fund, not intended to make Ministers independent altogether of the Congregations, in which they labour, but to place them above that entire dependence which is injurious to both, and to secure for Ministers that modest provision, which their social position requires, and which their preparatory studies, and their professional labours justly deserve. What has been done should encourage and stimulate to renewed exertion. Is it too much to expect that every individual connected with the Church should do something towards the effort which is now to be made for its extension, and for the permanent dispensation of religious ordinances among its people; or that those whom God has blessed with wealth and prosperity, counting themselves, as indeed they are, only stewards of his good gifts, should act with prompt and generous liberality? There is abundant wealth among the members of our Church, to accomplish all that is desired or needed, if there be only the willing mind; and that, we trust, will not be wanting in so good and holy a cause. Our duty, however, is only to explain and plead that cause; not to dictate to individuals the manner, or amount of their benefactions. "Every man according as he purposeth in his heart, so let him give; not grudgingly or of necessity, for God loveth a cheerful giver." Yet let every one remember, "He which soweth sparingly shall reap also sparingly; and he which soweth bountifully shall reap also bountifully."
